

THAKKASILA DURGA SAI PRASAD

9010827102 | thakkasiladurga@gmail.com

PROFESSIONAL SUMMARY:

Software Developer with **1.5 years of experience** in designing, developing, and maintaining **Laravel-based web applications**. Hands-on experience in **MVC architecture, MongoDB, JavaScript, jQuery, Blade templates, and Git version control**. Strong background in building scalable back-end systems and supporting production applications.

PROFESSIONALSKILLS:

- **Backend:** Laravel, PHP, Java
- **Frontend:** Blade (HTML), CSS, JavaScript, jQuery
- **Database:** MongoDB, MySQL, phpMyAdmin
- **Framework Concepts:** MVC Architecture, Controllers, Models, Migrations, Routes
- **Version Control:** Git (add, commit, pull, push)
- **Other:** REST APIs, CRUD Operations, Debugging, Production Support, Java Full Stack

WORK EXPERIENCE:

COMPANY: Deltaworld Technologies Private Limited : | July 2024 – December 2025

- Contributed to the development of a dynamic Dental Web Application enabling seamless interaction to patients from preferred dentists.
- Implemented core back-end functionalities using **Laravel MVC architecture**, including Controllers, Models, Routes (web.php), and Migrations
- Designed and maintained **MongoDB databases** for storing patient queries, treatment details, and medicine records.
- Developed responsive UI components using **Blade templates, HTML, CSS, JavaScript, and JQuery**.
- Implemented CRUD operations and data validation to ensure accurate and secure data handling.
- Used **Git version control** (git add, commit, pull, push) to manage code and collaborate with the team.
- Maintained and optimized database structure to improve application performance.
- Assisted in bug fixing, feature enhancements, and production issue resolutions.

INTERNSHIPS:

TECHNEX | Web Development Internship | October 2022 – November 2022

- Designed and developed **responsive web pages** using **HTML5, CSS, and JavaScript**, ensuring compatibility across multiple browsers and devices.
- Built interactive UI components using **JavaScript DOM manipulation** to enhance user experience.
- Gained hands-on experience in building user-friendly interfaces and enhancing interactivity for the real-time web applications.
- Worked on **real-time web application interfaces**, focusing on layout structure, responsiveness, and performance.
- Collaborated with team members to understand requirements and implement UI changes efficiently.
- Debugged UI issues and improved page load performance through optimized CSS and JavaScript.
- Followed clean code practices and basic version control workflows during development.

PROJECTS:

Food Delivery Web Application : | January 2024 – April 2024

- Contributed to the development of a dynamic Food Delivery Web Application enabling users to browse restaurants, view menus, and place food orders.
- Implemented back-end functionalities using **Java, JEE, Servlets, and JSP** following MVC architecture.
- Designed and managed MySql database schemas to store user details, restaurant data, menus, and order information.
- Developed CRUD operations for food items, user accounts, and order management.
- Integrated front-end JSP pages with back-end servlets for seamless data flow.
- Performed debugging, testing, and query optimization to improve application performance.
- Gained hands-on experience in end-to-end web application development.

Travel Agency Website : | October 2022 – November 2022

- Developed a responsive and visually appealing Travel Agency website for seamless exploration of destinations and travel packages.
- Designed intuitive user interfaces using HTML and CSS, focusing on layout, color consistency, and usability.
- Implemented responsive design techniques to ensure compatibility across different screen sizes.
- Created interactive navigation menus to enhance user engagement and browsing experience.
- Applied clean UI design principles to improve overall look and user experience.

EDUCATIONAL QUALIFICATIONS:

- Completed Bachelor of Technology from DR.K.V.SUBBAREDDY INSTITUTE OF TECHNOLOGY in stream of COMPUTER SCIENCE AND ENGINEERING Passed out 2024 with 74.17%
- Completed Intermediate from NARAYANA Jr. College in Passed with 89%
- Completed Schooling from SARVEPALLI BIDYA NILAYAM HIGH SCHOOL Under State Board with 87%
